

The Cooke County Young Republicans hosted Texas Candidate for Governor, Debra Medina, Saturday February 20th at 6:00 PM.

The Medina Event at the State Theater was very successful. If you did not get the chance to attend you missed a great show. The theater was filled with many people interested in what she had to say. We were also approached by individuals proud to see what the Young Republicans are doing. We were able to get KXII to come and I thought I would include their news feature for everyone to see:
